

# NC: Occupationally Directed Education, Training & Development Practitioner NQF 5

## Purpose of the National Certificate: Occupationally Directed Education, Training and Development Practitioner (SAQA ID: 50334)

This qualification addresses the general competences across five key ETD roles and provides an opportunity for learners

Design and develop learning programmes	Conduct skills development facilitation
Facilitate and evaluate learning	Engage in and promote assessment practices
Provide learning support to learners & organisations	

to specialise in any one area in line with their areas of interest. The five areas are:

### Delivery methodology

Training is best suited for new entrants to the sector. Chartall Business College can either deliver this qualification as a learnership, which will qualify the sponsoring employer for an additional tax deduction, or it can be offered as a training programme without the learnership requirements. The duration of the training will be approximately 18 full days, all of which can be scheduled to suit the employer's schedule. Alternatively, the qualification can be acquired by experienced candidates through Recognition of Prior Learning (RPL). RPL is an assessment process that captures a candidate's existing knowledge and skill and matches it to the qualification requirements. With RPL there is no formal training, but the RPL adviser will spend time with the learners to assist them to match their workplace learning to the requirements of the qualification.

### Flexibility

Chartall Business College believes in flexibility. We have an in-house team of professionals who are able to customise the training curriculum to the needs of your organisation. This may include the addition of job specific unit standards, the selection of particular elective unit standards or even the inclusion of non-unit standard based content (for example your company processes or product information). In addition, we ensure that the content of the qualification does not conflict with the training, values and procedures prescribed by your company. This ensures complete alignment of standard operating procedures and learning content.

## National Certificate: Occupationally Directed Education, Training & Development Practitioner unit standards

Exit level outcome 1: Communication	
115789	Sustain oral interaction across a wide range of contexts and critically evaluate spoken texts
